

## WORKSHOP

# *Utilising & understanding core stock/catalogue seating options*

Our workshop at RISE will address the process of delivering seating solutions from mild to complex needs and which catalogue chair would meet that client group need.

We'll reflect on the adaptations available to catalogue seats, whether there is opportunity to make modifications to accommodate their current seating and when it is appropriate to specify a different seat from a standard catalogue item, to be submitted to panel for review as a special order.

We will also address the process of special orders, that will be required from you as the prescriber: such as clinical reasoning, funding routes and the design of the chair.

## Therapy Integration

**28/7/21 - 9AM TO 4PM - RIVERSIDE VINEYARD CHURCH, WHITSTABLE  
IN PERSON + LIVE ONLINE**

Register for FREE: [www.bit.ly/therapyintegration](http://www.bit.ly/therapyintegration) >>>

Please note that there are a limited number of physical tickets available and, depending on numbers, these attendees may later need to book on to specific talks in line with COVID restrictions.
